JOB DESCRIPTION

Order Puller

The Order Puller's main objective is to assist the Wholesale manager in filling orders in a fast, friendly, and efficient manner, emphasizing that only a quality product is delivered to our customers. This job requires the physical ability to perform a multitude of labor intensive jobs like; carrying flats (about 15 lbs), lifting flats, and balancing/walking down narrow paths/aisles. In between pulling orders responsibilities include, repetitively moving plants from one area to another, filling containers with soil, moving/hauling soil, lifting and hanging planted baskets, and other productions tasks.

Must:

Be able to lift up to 20 lbs repeatedly over an 8 hour day- from ground to head level and place from head to ground level. Maneuver 7' tall delivery racks (on casters) fully loaded with plant material (75-100 lbs push/pull weight). Precisely maneuver delivery rack shelves (20lbs weight).

Plant identification skills highly recommended.

Be able to safely operate an electronic cart pulling a trailer (golf cart style)

Be detail oriented and organized.

Tolerate working outdoors in cold and hot conditions, loud noise, wind, and dust.

Wage and Hours:

Minimum wage

Flexible/variable hours ranging from 8-40 hours per week
